Dear Norene

Well another year has quickly gone by- a year full of work 'n lotza fun. Bet I guess its the last year I'll be in sch to be to work 'n have fun with ya. Norene I've really had loads of fun with ya 'n want you to know how much I've enjoyed your friendship, I'll always remember you as my best friend & I guess my closest friend. You really have such sweet & common ways. There's no "put on" or snotty ways you have to use to make your self noticeable. Still your sweet & kind ways Norene, you'll go far in this old world & make many friends. I hope you can keep them and stay the same lovable gal you are now.

Always remember the good times we've had together. I hope you'll always remember the time you stayed over night with me, then you & I went over to Denise & the good talk the 3 of us had together - 'Bums' the word. And the time you 'n I ran out of gas in our truck on the way to dance practice. Guess "Married life" will put a stop to all those good times for me. (But it's worth it) We've had gobs of fun double dating & [illegible] Remember all [illegible] just before I got married. Married life is lots of fun 'n I'd never trade it to be single again - But I'll admit I do miss you kids alot and school and prom and all our good times together.

I want to wish all the happiness, luck & success to one swell gal who deserves the very best of every thing in life.

You 'n Tish be real good kids 'n come 'n see us sometime. Have fun next year at ole A.C.H.S. if that's possible.

See ya around -

- Love ya -

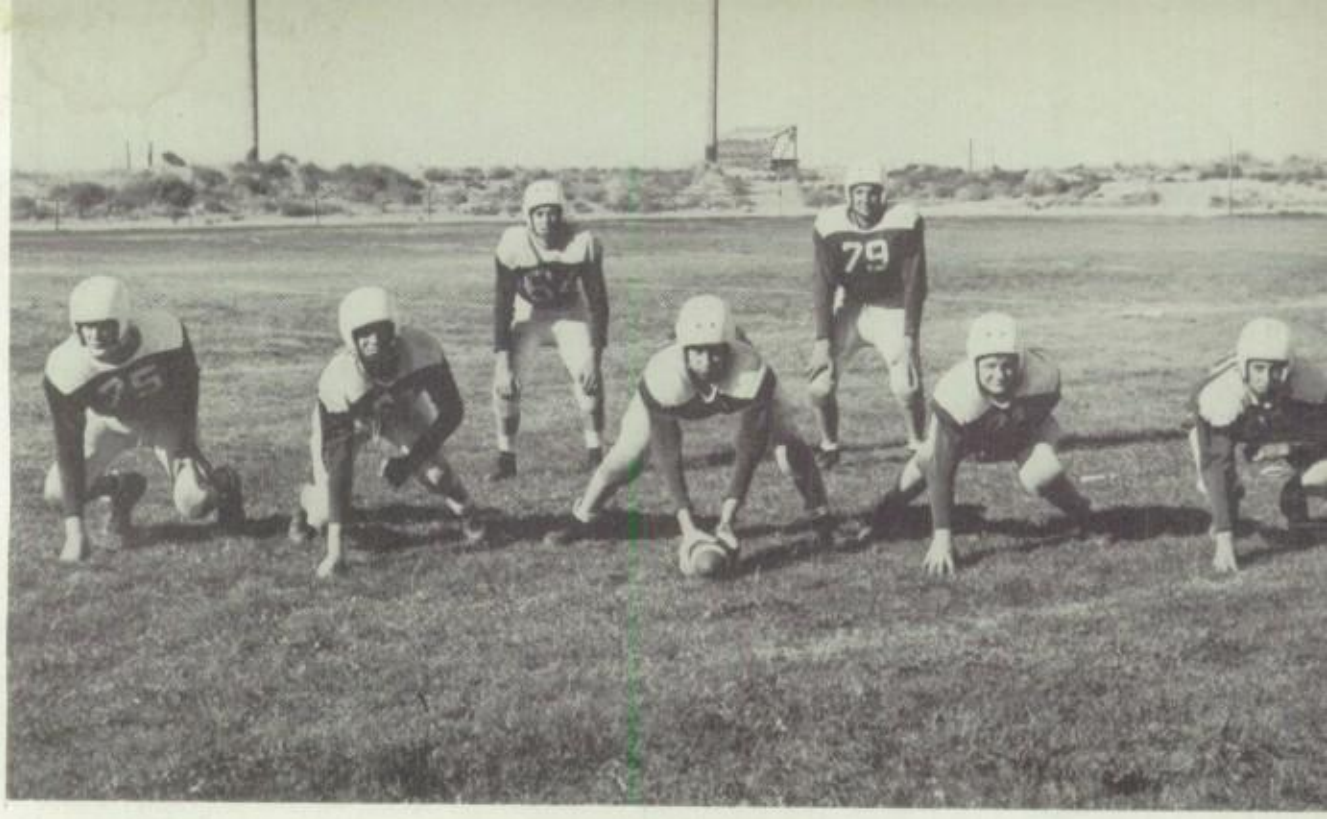
Sports



The headlines spoke many phrases of the job well done by our boys on the gridiron this year of 1955, but only those of us who saw the games can recall the tremendous effort put out by the team. We will give special mention to the senior boys; Dick Shenk, Bob Parker, Norman Price, and Guy Jones for a year they can remember. They led the team to third place in the tough S. R. V. "B" League with 4 wins, 2 losses, and 2 ties.

Dick Shenk was picked by all the coaches as the outstanding player in the conference. He and Bob Parker are looking forward to playing in the shrine game in Pendleton next August.

These seniors leave a team of letter winners which will form the nucleus of the 1956 team.

Some of the activities of the groups included a Christmas Program for the student body, a trip to Ontario to the S. R. V. Music Clinic, a trip to Huntington to present a concert, to the Huntington High School and a Spring Concert.

If you ever happened to need something repaired, all you had to do was holler for Junior.

Always on the job doing his work cheerfully, we find Junior typically posed above.

Dear Norene,

Boy you don't know how lucky you are that you don't have to sign my annual because it's hard to find anything to say but maybe after I get started I won't have enough room to write it all. I'm such a sloppy writter anyway you probly can't read it. spelling?

There are no words to express how much I ~~thank~~ of you and how much I respect you, even if I don't show it very much. I think so much of your wonderful parents and brothers & sister. our parents are so wonderful and unselfish to us. Everything we are and ever hope to be, our parents are responsible for. Many times we forget that, I know I do too often.

I could never get as much enjoyment from anything else as I have with dating you, Norene. I have never stopped loving you since the nite I asked you to go steady. Even when we got in our quarrels, I still had a warm place for you deep down in my heart. You are everything a boy could ask for and more. I hope I can keep you until the day comes when we can (you know what) after I fulfill a mission and this & that. Boy this is kind of personal stuff to be writting in an annual. You probably think I'm dumb.

I don't know how I could stand to stay away from you very long. the most I ever went without seeing you was about a week and that just about kills me. I bet your Mom & Dad could club me once in a while for some of the things I do.

Boy I sure can't write very plain tonight. Maybe I'm just to tired. But if you try hard enough maybe you can read it.

I know that once when we broke up that I complained a lot about how much money it took for you & gas, ect; but you have just got to believe me, Norene, I'd spend the last penny I had or drive my dusty little Ford around the world for you. (If it would make it. If it wouldn't, I'd walk) That sounds stupid but I'd do most anything for you. Well, I want to wish you everything you desire in life to make you happy. always be as you are when you are with me and you'll really be wonderful.

Love Forever,

Keith

Dear Norene,

I have waited a long time to get my two cents worth in this book, Now I have my chance and I don't know what to say - there is so much. We have been friends for a long time and I think we understand each other better than most people. So even if I don't write much you will know there is much more in my heart.

Remember our gay times in school. We always were a headache to our "nice" teachers. Remember how our threesome became a twosome. We were pretty good bridesmaids — even fixing the house.

My mind is almost blank, but I want to wish you and Kuth all the luck in the world. You are a real sweet couple (when not fightin and I know you both will be happy.

Never forget our fun at basket ball games. They were something to live for. Ha.

No matter what the future may hold for the two of us, we must face it unafraid. If we never lose touch with each other we will remain friends throughout this life and perhaps in the world to come. You are as dear to me as a sister and I will always think of you that way.

A Especial Love

Karen.
